

Mints gone wild.

Get Fooshed!

It's incredible! [As seen on TV!](#)
[Foosh™ Energy](#) Mints give you
sparkly fresh breath with more
caffeine than an energy drink,
plus B vitamins, ginseng, and
taurine. So no matter how wild
you get, our pickup line won't
let you down like sodas, coffee
or caffeine tabs. C'mon, now.
You know you want it.
